**Impact Summary:** State government: No

Local government: No Private industry: Yes Substantial impact: No Federal government: No

**Authority:** G.S. 143B-282 150B-20

**Necessity:** The proposed rule amendment is needed to reduce administrative

cost as a result of new standard practices. The EMC approved this proposed amendment at their July 2011 meeting. This proposed change reduces the administrative burden for regulated parties.

# I. Summary:

An amendment to 15A NCAC 02I .0501 is proposed that will require the petitioner to submit an electronic or digital copy of a rulemaking petition. This change is not expected to result in additional costs to the petitioner since electronic/digital submittal of petitions is already standard practice. The proposed amendment would remove the requirement to submit twenty paper copies of the petition when the whole petition exceeds ten pages in length, which will result in cost savings of approximately \$200 per petition.

The approximate effective date of the proposed rule is January 1, 2013.

### II. Introduction and Purpose of Rule Changes

15A NCAC 02I .501 allows any person to petition the Director of the appropriate division to adopt, amend or repeal an existing rule of the Environmental Management Commission. The purpose of amending the submittal requirements of a rulemaking petition is to require submittal of an electronic version of a rulemaking petition, which is currently standard practice, and to remove the required submittal of twenty "paper" copies if the petition exceeds twenty pages.

The proposed amendment is located in Appendix A. Proposed changes to the rule are highlighted in yellow.

The DWQ has conducted outreach to and collected information from a number of potentially affected parties including members of the regulated community, such as power utility companies, chemical manufacturers, drycleaning associations, local governments, state government, treated wood industries, the poultry and pork federations, furniture manufacturers, as well as state regulatory agencies. A list of parties contacted is available in Appendix B. The potential costs and benefits identified during outreach activities are discussed below.

### III. Costs

# 15A 02I .0501- Form and Contents of Petition

No costs are expected to parties submitting a rulemaking petition under 15A NCAC 02I .0501 as a result of the proposed rule revision. The existing rules serve as the baseline from which economic impacts are evaluated.

### IV. Benefits

### 15A 02I .0501- Form and Contents of Petition

Cost savings identified as a result of the proposed rule revision are discussed below. The existing rules serve as the baseline from which economic impacts are evaluated.

Two Rulemaking Petitions were submitted to North Carolina Department of Natural Resources agencies in 2011. A petition from the Steel Tank Institute, 97 pages in length, was submitted to the Division of Waste Management and a petition from Rhodia, Inc., 111 pages in length, was submitted to the Division of Water Quality. Because the petitions were more than ten pages in length, the petitioners were required to submit twenty copies of the whole petition. Under the proposed rule, an electronic copy and one paper copy would be required.

If only one paper copy of the petition is required, rather than 20, then the proposed rule would result in an estimated cost saving of approximately \$200 per petition. These cost savings would accrue to the petitioning entity, frequently a private company. The estimated cost savings of the proposed rule is estimated as follows:

### Calculation:

104 pages at \$.10 per copy (black & white) for 19 copies = \$198.

### Assumptions:

- All rulemaking petitions will be greater than ten pages in length.
- The average length of a petition will be 104 pages (average page length of Steel Tank Institute and Rhodia).
- Average cost per copy is \$.10 based on quotes from FedEx (Kinko's), Raleigh, NC and Office Max, Apex, NC on September 26, 2011.
- Private industry will submit the majority of rulemaking petitions based on past history).

# September 2011 Price Quotes:

Office Max, Apex, NC quoted \$.10 per page black & white and \$.19 double sided black & white.

Office Max, Apex, NC quoted \$.49 per page for color and \$.98 double sided color.

FedEx (Kinko's), Raleigh, NC quoted \$.10 per page (100 pages or more) black & white. No cost savings for double sided.

FedEx (Kinko's), Raleigh, NC quoted \$.59 per page (up to 250 pages) color. No cost savings for double sided.

# **Appendix A: Proposed Rule Text**

15A NCAC 02I .0501 is proposed for amendment as follows: (DWQ Option 4)

#### 15A NCAC 02I .0501 FORM AND CONTENTS OF PETITION

(a) Any person wishing to request the adoption, amendment, or repeal of a rule of the Environmental Management Commission (hereinafter referred to as the Commission) shall make his request in a petition addressed to the Director of the appropriate division of the Department of Environment and Natural Resources, and a copy in electronic or digital form should also be sent to the Recording Clerk of the Commission:
